

Louisiana State University Health Sciences Center

Department of Molecular and Cellular Physiology

2018 Spring Seminar Series

Seminars begin at 9:00 am in Room 4-201 (Physiology Conference Room)

***May 24th Seminar will be held in the LSU Health Auditorium**

January 10	Reggie Hui-Chao Lee, Ph.D. Post-doctoral Fellow LSU Health - Shreveport Department of Neurology	Sympathetic modulation in cardiac arrest-induced cerebral ischemia
January 24	Sushil K. Jain, Ph.D. Professor of Pediatrics, Cellular Physiology and Biochemistry & Molecular Biology Malcolm Feist Chair in Diabetes LSU Health - Shreveport	Glutathione stimulates vitamin D regulatory genes: A novel approach to treat 25-hydroxy-vitamin D-deficiency
February 7	Zaki Al Yafeai Graduate Assistant Department of Molecular & Cellular Physiology LSU Health - Shreveport	Integrin affinity modulation in endothelial activation and matrix remodeling: Potential implications in atherosclerosis
February 21	Mansoureh Barzegar Graduate Assistant Department of Molecular & Cellular Physiology LSU Health - Shreveport	Mechanisms underlying human placental stem cell protection in stroke
March 7	Richa Aishwarya Graduate Assistant Department of Molecular & Cellular Physiology LSU Health - Shreveport	Mitochondrial dynamics in health and disease
March 21	Qinqin Xu, Ph.D. Postdoctoral Fellow – Weinberger Lab Department of Otolaryngology LSU Health - Shreveport	The role of AGO 2 in multiple myeloma: A substrate of CRBN
April 18	Alejandro Sánchez Alvarado, Ph.D. Investigator Stowers Institute for Medical Research Kansas City, MO	Understanding the source of regenerative ability in animals.
May 2	Xin Fang, Ph.D. Post Doctoral Fellow Department of Molecular & Cellular Physiology LSU Health - Shreveport	Cytomegalovirus infection and hypercholesterolemia synergize to promote thrombosis
May 16	Edward Glasscock, Ph.D. Assistant Professor Department of Cellular Biology and Anatomy LSU Health - Shreveport	Cardiorespiratory alterations in epilepsy
*May 24 Special Seminar	Sam Kean Author	Thumbs and Spoons: Funny, spooky, poignant, and completely true science stories
May 30	Luca Cucullo, Ph.D. Assistant Professor Pharmaceutical Sciences Texas Tech University Health Sciences Center – Amarillo	Cerebrovascular toxicity of traditional and electronic cigarettes: Mechanistic insights and potential countermeasures
